Established in 1973, Harriniva Hotels and Safaris is now run by the third generation of the Pietikäinen family. Our Sámi heritage has given us a strong connection to love and respect for local nature.

We want to be global frontrunners in sustainable tourism. Our goal is to make our operations carbon neutral. With us, you can enjoy a sustainable holiday!

THE CORNERSTONES OF OUR SUSTAINABILITY:

1. PROTECT THE WILDERNESS

It is our responsibility to acknowledge the fact that we operate in one of the few unspoiled regions remaining in the world.

2. SELL GLOBALLY, ACT LOCALLY

Our goal is to generate as much turnover and wage revenue for the region as possible.

3. FOSTER TRADITIONS AND WELL-BEING

All our services are close to nature, showing our appreciation for Lappish traditions, Sámi culture and animal welfare.

A snowmobile is shown from a first-person perspective, moving through a vast, snow-covered landscape. The sun is low on the horizon, creating a warm, golden glow across the sky and snow. The snowmobile's handlebars and front fairing are visible in the foreground. In the background, there are snow-covered evergreen trees and a distant horizon line.
